

Your journey to the cloud is just beginning.

Don't stop here—experience Cisco Networking products and solutions across Cisco Live Melbourne.

Cisco stand in the World of Solutions

Connect with Cisco experts as you explore demos of our latest innovations. You'll see the next era of IT firsthand and discover why unified networking experiences will simplify, secure, and transform your organization's future. Plus, get up close and personal with the hardware that makes it all happen at the Networking Transformation product walls.

Cisco Spaces stand in the World of Solutions

Experience the buildings of future today at the Cisco smart spaces booth. Using digital maps, IoT, and location services, learn how customers are already reimagining workspaces, healthcare, venues, retail, and hotels for hybrid work, sustainability, loyalty, space utilization, and operational efficiency.

Accedian (now a part of Cisco) stand in the World of Solutions

Accedian is a leader in performance analytics, service assurance, and end-user experience solutions for service providers and mid-to-large size enterprises. The Accedian Skylight platform offers granular end-to-end visibility within "the massive multi" -multilayer, multicloud, and multivendor networks. Accedian was acquired by Cisco in September 2023. To learn more, visit [Accedian.com](https://www.accedian.com).

Cisco ThousandEyes stand in the World of Solutions

Cisco's ThousandEyes network assurance solution enables organizations to see, understand, and take action to deliver excellent digital experiences for everyone, across any network—whether they own the network or not. Learn more at the Cisco ThousandEyes stand.

Cisco Networking stand in the World of Solutions

Join us at the Cisco Networking stand to experience interactive technical sessions and demos, meet experts, learn more about our Cisco ecosystems, and build connections with your peers.
