

Utilizing Federal Funds for K-12

With over \$130 billion in federal funding allocated through ESSER III, GEER EANS II, and the Emergency Connectivity Fund for Education, there's no better time than now to improve the learning experience.

SPENDING DEADLINES

\$122 billion ESSER III:
Sept. 30, 2024

\$2.75 billion GEER EANS II:
Sept. 30, 2024

\$7.1 billion Emergency Connectivity Fund for Education:
Sept. 30, 2030

Modernized IT powers the learning experience

Experiences matter

By combining touchpoints with technologies, we provide a unique, intuitive approach to delivering transformational experiences resulting in empowered students and teachers while fostering a secure learning environment. The Cisco Meraki platform helps schools get back to doing what they do best: enabling equitable learning and improving staff experience, IT teams with the intuitive Meraki cloud-first platform can offer secure flexible learning for all, from anywhere.

Meraki helps transform the learning environment

Smart spaces

Evolve the student experience by converting every corner of the school into a smart space that enables learning and teaching, from the classroom to the playground and everywhere in between.

- ✓ Ensure a quick and easy connection everywhere with secure, next-gen Wi-Fi 6
- ✓ Get complete visibility and control over the network without increasing budget or staff
- ✓ Scale and adapt the network by quickly deploying additional hardware as needed
- ✓ Move people safely and comfortably through your space with the help of video analytics

Safe environments

Integrate Meraki endpoint, network, and physical security to create safe environments that empower students and teachers from home or in the school.

- ✓ Keep devices protected, data encrypted, and students safe via an intuitive dashboard
- ✓ Provide wayfinding and real-time and historical contact tracing
- ✓ Build safe environments free from over-occupancy or intruders with real-time monitoring
- ✓ Integrate powerful third-party applications to easily build scalable, safe environments

Federal funding use cases:

- ✓ School network and Wi-Fi
- ✓ Hybrid learning
- ✓ Physical safety and security
- ✓ Student health and wellness
- ✓ Network, endpoint, and web security
- ✓ Identity and access control
- ✓ Digital divide and community broadband

Start creating the best school experience today!

Meraki experts can help identify state and federal funding to support your project, review your current grant proposals, and deliver custom packages to meet your needs.
